

PADI Night Diver Speciality Course

As a night diver you will discover a whole new world. The PADI Night Diver Specialty course introduces the diver to the exciting world of underwater creatures and plant life that comes out at night. Night diving offers a unique and exciting diving experience as you will discover and experience a part of the ocean that comes alive at night.

The Night Diver Speciality course teaches the diver about night dive planning, organizational procedures, techniques and how to deal with potential problems. The PADI Night Diver Speciality course teaches you how to control your buoyancy, and navigate and communicate at night. Night diving gives you an introduction to the nocturnal aquatic life and habits of the ocean.
