

PADI Search & Recovery Specialty Course

The PADI Search and Recovery Diver Specialty course teaches divers effective ways to find items underwater and bring them to the surface. It doesn't matter the shape or size of the item to search for, there is always a way to bring them to the surface. The PADI Search & Recovery Diver Course is a fun course that teaches divers search & recovery dive planning, organizational skills, procedures, techniques and what to do when facing potential problems. You will also learn about search patterns and use safe object recovery using lift devices.
